

## Frequently Asked Questions

**Q: What is COMPUTER EXPLORERS?**

A: COMPUTER EXPLORERS is one of the fastest growing children's educational franchises in the country. COMPUTER EXPLORERS helps children excel and adults stay connected through interactive technology education programs.

**Q: How long have you been a COMPUTER EXPLORERS franchise owner?**

A: I became a COMPUTER EXPLORERS owner in **2005**. I was inspired by their core mission of helping children excel and adults stay connected through interactive technology education programs and knew I wanted to become a franchisee.

**Q: How did you get involved with COMPUTER EXPLORERS?**

A: I'm passionate about education. I enjoy customizing the COMPUTER EXPLORERS programs for local early learning centers, schools and community centers, and knowing that I'm helping students excel.

**Q: What are the different programs?**

A: COMPUTER EXPLORERS offers five programs for children:

- o COMPUTERTOTS: Develops academic readiness in students ages three to five, teaching basic technology skills with robots, digital microscopes, movie cameras, and interactive software
- o Around the World: Pre-school program emphasizing language and cultural exploration through songs, art projects, and interactive computer activities
- o Kindergarten Advantage!: Teaches basic computer skills including keyboarding, word-processing, spreadsheets, graphics, and multimedia
- o TechStars™: After-school and summer program, where students experiment in science, engineering, robotics, and digital arts to build technology skills
- o Integrated Technology Resource Program: Teaches students how to use technology for problem-solving and enhances communication skills

In addition to core programs geared toward children and young adults, COMPUTER EXPLORERS offers a range of technology education programs for adults

**Q: How does a person sign up for a COMPUTER EXPLORERS program?**

A: Contact local owner, Dawn Whalen, @ 860-238-7142, ctce200@ctce.us

**Q: Where are the programs offered?**

A: COMPUTER EXPLORERS offers a range of technology education programs to children, teens, and adults through pre-schools, early learning centers, public and private schools, and recreation centers worldwide. I specifically work in **THE GREATER HARTFORD AREA**.

**Q: How much do the programs cost?**

A: COMPUTER EXPLORERS customizes program pricing based on an analysis of our partners' curriculum and technology; there are no set program costs. To learn more, call Dawn Whalen, @ 860-238-7142

**Q: Where can I find more information about COMPUTER EXPLORERS?**
