

Kindergarten Advantage! Advanced Technology Curriculum

What Numbers Look Like

Today we used the number keys. We typed the numbers 1 to 10 and then used sets of clip art to show each number's value.

Keywords

cursor, clip art, Enter Key, handles, resize

Technological Objectives:

- Use a desktop shortcut to open a word processing program
- Type numbers
- Use the spacebar
- Use the Enter Key
- Change font size & color
- Insert, move & resize clip art
- Print

Educational & Social Objectives:

- Number recognition: 1 to 10
- Create number sets
- Counting
- Apply previously learned skills with minimal directions
- Work as a team to complete a project

At-Home Follow-Up Activity

- ➔ Have your child practice typing numbers using the number keys on the top of the keyboard. Print the number line. Count number sets from 1 to 10 using household objects and toys. Cut up printed numbers and place the numbers with the correct set.
